Corner 31st Street.

Q. (By Mr. Steuer). Do you find that the court room when the afternoon ses-tine lock on people's exhibit No. 39 has soon began. Several detectives from Headquarters and a detail of policemen not been touched at an A. Not by fire.

Q. What would have supposed to the tumbier? A. Naturally it would have plication.

Only two-score of the applicants for malter.

Mr. Steuer had the witness take a lock like the one presented in evidence and say whether or not it could be locked—the boit "shot"—by any other means ex- wits, the lock expert, for further cross-

98 well as a key.

Q. Have you a nail file. A. Yes.

"Show the jury how the boot can be

HE OPENS THE LOCK WITH A NAIL FILE.

"Sure I can."
The Assistant District-Attorney con-celled the fact.

Therefore the fact.

Hurwitz next restified that the lock attached to People's Exhibit No. 20 was merely held on by one arrew.

"How long would it take you to take it off?"

"About a minute."

he had been in the business for twelve years and had put in one lot of 1,500 locks at Columbia University. "May I ask that the witness remain

subject to call for further cross-exam-ination?" asked Mr. Bostwick.
"You may leep him all day if you wish." retorted Mr. Steuer.

which you can tell how thick the piece of wood in which that lock is, was before it was burned?"
"Yes. 15 I can measure it."
Hurwitz measured the door and re-

piled. "It was about an inch and three-quarters thick." plied: "It was about an inch and three-quarters thick." In less than a minute, to the utter MAX BLANCK, SECOND DEFEND. confounding of the State's witness, Hur-

the fire.

He said he had a great deal to do with the seiling department of the factory and was at the piant an average of three-fourths of each day. This time, he added, was spent on the tenth, the ninth and the eighth floors.

Q. (By Mr. Steuer)—In going from floor to floor did you use keys to open the doors? A No. sir.
Q. Did you ever have any keys to

doors? A No. sir.

Q. Did you ever have any keys to those doors? A. No.

Q. Did you ever issue a rule in the conduct of your business that after the help had been discharged the doors should be locked on the Washington place side? A. No, str.

"Did you inform Rose Giantr bout four weeks ago, that any perso who testified at this trial should leav, the employment the day before as they would have to leave it the day after?" asked Prosecutor Bostwick on cross-examination.

examination.
"I did not." said Mr. Blanck.
The witness was asked about the searching of the girls at night and about

ing was being done.

He said the Washington place doors veneered oak and soft wood. I find that a strip five-eighths of an inch wide is missing from the wood shown about the lock, so the wood does not cover

FOR THE CHILDREN

When the children have a cold or cough or when they need a tonic, mothers should be careful never to give them anything containing alcohol or dangerous drugs. Because it does not contain these drugs or alcohol in any form, Father John's Medicine is a safe medicine to give the children. It has a history of 50 years of success in the treatment of coughs, colds and throat and lung troubles, as well as a tonic and body builder for those who are weak and run down. Get a bottle-to-day.

Melted.

Q Then what rouid have been done with the bolt? A. Nothing at all; I could not move it.

Mr. Steuer had the witness take a look

Only two-score of the applicants for places were allowed in the court room at the opening. By ones and two this list of spectators was augmented until all of the seats here taken. But the utmost care was exercised in passing

Hurwitz said a shoe buttoner or a brad awl or a nail file would do about one like the ninth floor lock, "were put

in a door one and three-quarter inches wide, would it not leave a space a quarter of an inch on each side?" Francis J. Kelly, the prosecutor's lock

expert, was then called to rebut the story for the defense. He had gone but a short distance

Judge Crain, Thecause these men are testifying as experts, and on request I would have allowed him to be present."

whown, but the prosecution wouldn't let the exhibit be dissected.

Mr. Bostwick then began the cross-examination of Hurwitz He pounded to witness to show he had no experience concerning locks. Horwitz said to the burnies for the burnies for the burnies for the lock.

Q. I ask you if you have examined to burnies of policy as which they left your factors? A. No, sit.

Q. Have these portions of the lock.

condition as when they left your fac-tory? A. No, sir.

Q. Have these portions of the lock been subjected to fire or heat? A. Yes.

Q. Of what material is the bolt of that lock? A. Cold rolled steel.

Then came a hasty and interesting battle of experts. Steuer had insisted that Hurwig be called in to hear the talk. Kelly said the screw holding the lock was so melted first he could not lock was so melted that he could not
